Dear Mark,

In the event you want them for the completeness of your file, I enclose OIP's 12/31/84 to me and my today's response.

I think it is obvious that they lied in the litigation in telling the courts that my appeals had been acted upon and this is proof positive, those being Dallas records and the subject of extensive attention in my affidavits.

Whether their sworn lies are perjury or not is another matter, as is whether any court will ever do anything about persistent official perjury.

I'm not taking the time to learn whether only SA John Phillips, FBIHQ, FOIPA, swore that there were no clubs. If Specht in Dallas did, it has to be perjury.

Hope you have a good year!

Sincerely,

JL: Maybe I am Merlin after all! This is one of the illustrations I wanted Mark to include in the brief. And look what happens!

I have difficulty believing that at FBIHQ Phillips was not aware of at the least what was going to the Ramsey panel. Certainly FOIPA had to know.
